Subject Index

A

Acquired Immunodeficiency Syndrome (AIDS)
  curriculum guidelines for, 42
  and risk-oriented education, 60
Age
  and attitude toward public policies to control alcohol, tobacco, and high-fat food consumption, 12
  demographic and health characteristics of elderly smokers, 61
  and reduction of mortality risk after smoking cessation, 251
Alcohol consumption
  in elderly smokers, 61
  public attitudes toward controls in, 12
Allied health professionals, predicators of health promotion counseling by, 153
American College of Preventive Medicine (ACPM), policy of, S2:1
Asians, smoking by, 194
Aspirin, effects of, on risk of cardiovascular disease, 290
Attitudes
  of community toward public policies in controlling alcohol, tobacco, and high-fat food consumption, 12
  as factor in smoking cessation, 194
  health promotion, of medical students, 106
  of patient, and multiple discriminant analysis of smoking status and health-related, 323
  relationship between knowledge of cardiovascular dietary risk and food shopping behaviors, 318

B

Behavior(s)
  and ethnicity, in smoking cessation, 194
  influence of cardiovascular risk factor knowledge on, 137
  of medical students, 106
  multiple discriminant analysis of smoking status and health related, 323
  program for change in preventive cardiology center, S1:43
  relationship between knowledge of cardiovascular dietary risk and food shopping, 318
  relationship with health, 1
  and self-consciousness, 228
Behavior counseling skills
  comparison of instructional methods in, S1:29
  teaching, to medical students, house staff and fellows, S1:35
Behavior modification
  health behavior change in preventive cardiology center, S1:43
  health promotion beliefs and practices of medical students, 106
  teaching preventive cardiology through community programs, S1:93
Beta-carotene, biochemical markers of compliance in physicians' health study, 290
Biochemical markers, of compliance in physicians' health study, 290
Biopsy, breast self-examination after benign, 84
Blacks
  need for specialists in preventive medicine, 330
  smoking by, 194
Blood pressure screening, S2:7
Book Reviews
  Architectural Design and Indoor Microbial Pollution, 306
  Causal Relationships in Medicine: A Practical System for Critical Appraisal, 307
  Clinical Preventive Medicine: Health Promotion and Disease Prevention, 57
  Disease in the Popular American Press: The Case of Diphtheria, Typhoid Fever, and Syphilis, 1870–1920, 246

  Practicing Prevention for the Elderly, 58
Bowen's disease, 238
Breast cancer
  screening for, 34, 123, 130
  self-examination
    after benign biopsy, 84
    and detection of breast cancer, 93
    effectiveness of teaching, 208
    in preventive care, S2:7
Breast Cancer Knowledge Test, 93
Breast Cancer Screening Study of the Health Insurance Plan of Greater New York, 34

C

Canada, preventive services in, S2:7
Canadian Task Force on the Periodic Health Examination, 6
Cancer. *See also specific sites of*
  Bowen's disease, 238
  effects of beta-carotene on incidence of, 290
  patterns of practice for primary care physician in, 6
  risk of uterine-cervical in smokers, 274
  use of health services before diagnosis of head and neck among Boston residents, 77
Cancer control
  breast self-examination, 84, 93, 208, S2:7
  health services use, 77
  impact of educational program on physician knowledge of, 346
  screening for breast, 34, 123, 130
Cardiology. *See* Preventive cardiology
Cardiovascular disease
  Chicago Coronary Artery Risk Development in Young Adults (CARDIA), 176
  and children's food consumption patterns, 218
  and mortality risks for former smokers, 251
  risk factors for, 137, S1:6, S1:23
Career choices, of medical residency graduates, 112
Case-control study, Bowen's disease as skin marker for internal malignancy, 238
Centers for Disease Control (CDC), injury prevention program at, 122, 304
Center for Epidemiologic Studies-Depression (CES-D), 295
Chemoprophylaxis, S2:7
Chicago Coronary Artery Risk Development in Young Adults (CARDIA), 176
Child, food consumption patterns of, 218

Cholesterol
patient reactions to nutrition education for reduction of, 311
reduction and management of hypercholesterolemia, 71
strategies for increasing house staff management of, S1:51
Cigarette smoking. *See* Smokers; Smoking cessation
Club/organization participation, correlation of, with depressive symptoms in elderly, 295
Community dimensions of medical practice
medical student knowledge of, 51
Community programs, teaching preventive cardiology through, S1:93
Compliance, biochemical markers of, in physicians' health study, 290
Computer(s)
analysis of multiple cause of death files, 117
use of, in prompting physicians for preventive procedures, 145
Connecticut Blood Pressure Survey, 20
Coronary Artery Surgery Study registry, mortality of risks of former smokers in, 251
Coronary heart disease. *See* Cardiovascular disease
Cost-benefit/cost-effectiveness analysis
of smoking cessation for pregnant women, 282
of tuberculin screening, 167
Counseling. *See* Behavior counseling skills; Health counseling
Crohn's disease, smoking and risk of clinical relapse in patients with, 161
Cross-sectional analysis, of medical and dental students' knowledge of preventive medicine, 353
Current procedural terminology (CPT–4), S2:7
Curriculum. *See* Medical education; Medical students

D

Data base, computer analysis of multiple cause of death files, 117
Davis Report, S2:1
Death. *See also* Mortality
computer analysis of cause of, 117
decline in, 1
excess, and need for black specialists in preventive medicine, 330
Decision analysis, and tuberculin screening, 167
Demographics
for elderly smokers, 61
in smoking cessation program, 185
Dental hygienists, predicators of health promotion counseling by, 153
Dental student, assessing knowledge of preventive medicine, 353
Dependency, in smoking cessation program, 185
Depressive symptoms, prevalence and correlates of, among older U.S. adults, 295
Dermatology, Bowen's disease as skin marker for internal malignancy, 238
Diet
children's patterns of food consumption, 218
public attitudes toward controls in, 12
Dietitians, predicators of health promotion counseling by, 153
Disease prevention
in Health Maintenance Organizations (HMOs), 333
incentives for fee-for-service care, 6
inventory of knowledge and skills relating to, 51
predicators of, by allied health professionals, 153
Dow Chemical USA, Smoking Cessation Incentive Program, 200

E

Early detection program. *See also* Screening
breast self-examination, 34, 84, 93, 208, S2:7
and diagnosis of head and neck cancer, 77
mammography, 123
screening for breast cancer, 34, 123, 130
as secondary prevention, S2:7
for tuberculin, 167
Education. *See also* Medical education
methods of teaching breast self-examination, 208
patient reactions to nutrition, and cholesterol reduction, 311
relationship between knowledge of cardiovascular dietary risks and food shopping behaviors, 318
teaching preventive cardiology through community programs, S1:93
Efficacy testing, introducing preventive cardiology into primary care, S1:77
Elderly
demographic and health characteristics of, and smoking by, 61
depressive symptoms in, 295
and reduction of mortality risk after smoking cessation, 251
Epidemiologic methods
characteristics of elderly smokers, 61
impact of smoking cessation program on infant mortality among Native Americans, 267
uterine cervical cancer risk in smokers, 274
Ethnic differences, as factor in smoking, 194

F

Family, influence of, on smoking behavior, 194
Fat consumption
by children, 218
public attitudes toward control of, 12
Fee-for-service health care
delivery model, S2:7
incentives for, 6
Fellows in cardiovascular medicine, teaching risk-factor counseling skills, S1:29, S1:35
Finland, preventive services in, S2:7
Friends, influence of, on smoking behavior, 194

G

Gender, correlation of, with depressive symptoms in elderly, 295
Guadeloupe, perinatal mortality audit in, 339

H

Health care, state of nation in, 1
Health care costs, and preventive medicine, 244
Health care delivery
and career choices of preventive medicine residency graduates, 112
fee-for-service model in, S2:1
Health Care Financing Administration (HCFA)
cost assessment for preventive services, S2:7
Medicare prevention demonstration program, 244
preventive medicine residency program, 244
Health Consciousness Scale (HCS), 228
Health counseling
group, S2:7
individual, S2:7
predicators of, by allied health professionals, 153
preventive services, S2:7
teaching risk-factor skills, S1:29, S1:35
Health effects, smoking in the elderly, 61
Health insurance, for preventive care, S2:1, S2:7
Health Maintenance Organizations (HMOs)
health promotion and disease prevention in, 333
medical protocols for preventive screening in, 333
in preventive care, S2:7
Health policy controls, public attitudes on, 12
Health profile, state of nation in, 1
Health promotion
beliefs and practices of medical students, 106
in Health Maintenance Organizations, 333

Health promotion (*continued*)
inventory of knowledge and skills relating to, 51
